Tour Overview

Due to popular demand, the exclusive Easy Travel and Cruise 'Walking Tour of the United Kingdom' is taking place again in August 2018. Greg Close, who is originally from the High Peak District of England, will escort you on this one of a kind tour. Greg created the itinerary initially to share a number of breath-taking walks with his new friends in Australia and it quickly developed from there with the tour selling out every year. Greg will lead you on a number of breath-taking walks where you will visit some of England's most historic sites including Hadrian's Wall, Chatsworth House, Lanercost Priory and many more. Unlike any other tour, your accommodation will consist of hand-picked B&B's, a private 22 acre Farm House in the Lakes District, and your own 50ft Canal Barge!! This is a very personalised small group tour with a maximum of 12 guests.

Greg Close, originally from The Peak District in Northern England, will escort you from Australia via the vibrant city of Dubai to the peaks and valleys of some of England's most picturesque countryside. A keen walker since his childhood, Greg has experienced numerous famous walks including The Kokoda Track and his Walking Tour of the United Kingdom is now in its fifth year of operation. Greg's easy going personality, in-depth knowledge of The Peak District, The Lakes District and Hadrian's Wall, and readiness to have a good laugh, will ensure that your experience on this tour of England will leave you with memories that will have you smiling for years to come!!!
